

P413

P413 -Paediatric nephrology

Dr Sally Johnson¹

¹Newcastle, ,

Our aims:

Improving the renal care and treatments of children with kidney problems.

Who we are:

Our membership includes a research lead at each of 13 paediatric renal centres in the UK together with specific membership for sub-groups focusing on cystic disease, glomerular disease, transplantation, acute kidney injury, CKD and dialysis, in children and young adults.
